

KONICA MINOLTA

For light production, instant printing and corporate central reprographic applications, professionals demand a competitive balance of speed, quality and value. The bizhub PRO C1060L is designed for all three – with 60 ppm print output to keep work flowing, colour quality that rivals offset printing at a fraction of the cost, and heavy-duty construction with long-lasting parts, high-yield consumables and compact footprint. A choice of the exclusive Konica Minolta IC-602 or EFI Fiery IC-415 Image Controller gives you colour control, page editing and job management without special training. Scalable in-line finishing options let you handle complex job specs, including stapling, folding, booklet-making, hole punching and post-insertion. To power up your printing, lower your costs and save space on your production floor, count on the bizhub PRO C1060L.
